

The exploration & production companies based in Algeria (SONATRACH, ENTP, ENSP, GDF, SCHLUMBERGER, etc...) have shown an interest to have at their disposal, on site, available technical services and a competent staff primarily for inspection and recertification services.

On this basis F.C.E decided to install a subsidiary and F.C.A (FLUID CONTROL ALGERIA) has been implemented to address this demand. F.C.A is based in Hassi-Messaoud.

Main activities:

- technical and commercial assistance
- replacement parts, on site for recertification / inspection
- after sales services
- recertification services, agreed by relevant authorities

Address:

F.C.A (Fluid Control Algeria)
Zone d'activité N°3 Lot 7
BP 506
30 500 Hassi Messaoud
Algeria
